

## CAKE TOPPER

### SUPPLIES

- 1/8" 3mm laserable wood sheet ([Baltic Birch](#))
- Laser engraver or cutter

### INSTRUCTIONS

1. Import your design into your laser software.
2. Adjust power and speed settings.
3. Apply masking material to both sides to avoid charring.
4. Insert material into the laser bed. Focusing should be done each with a new material.
5. Run the cut job file.
